Grand Reception Highlights Third Lustrum Surinam Association in Aruba

SURINAM GOVERNMENT OFFERS PALM TREES FOR BOULEVARD

Lieutenant Governor and Mrs.
Kwartzs Offered Vacation
Holidays in Surinam

An extremely crowded Surinam Club, its interior greatly improved, beautifully decorated and illuminated, was the scene of a grand reception held last week Friday evening in commemoration of the Surinam Association's 15th Anniversary.

That the Association is well regarded in government as well as other prominent circles, could readily be judged from the large select group of personalities who attended the function, very many of whom remained in the pleasant atmosphere of the Club, enjoying themselves until very long after the official part of the evening had come to a close.

A brief summary of the prominent guests would include: Surinam Minister of Health, Dr. A. Faverey, representing the Surinam Government; Prime Minister E. Jockheer and Minister F. Beaujon, of the Netherlands Antilles; Lieutenant Governor L. C. Kwartzs of Aruba, Lago President O. Mingus, Mr. B. Teagle of Lago's Public Relations Department, Deputies P. Croes and E. Petrona, Judges Schaafsma and de Haseth Möller, Major V. Blom of the Dutch Ma-

rines, representatives of the Surinam Association of Curacao (J.P.F.), representatives of the Clergy, the Police Force, the Island Council and very many others.

The official part of the function which was marked by numerous speeches, was m.c'd by Mr. J. Nunes, vice-president of the Association.

First speaker to be introduced was Lieutenant Governor L. C. Kwartzs, patron of the Surinam Association, who began his address with the remark that this celebration was as much his as anyone else's. In well chosen words he further paid tribute to the Surinamers on the island for their remarkable achievement in assimilating with the various groups of the population, while retaining and propagating their own culture in an organization which also serves the community frequently and well. That the Association may continue to flourish was his most sincere wish.

The following speaker, Mr. Joseph d'Aguiar, President of the Association, thereupon briefly outlined the purpose and history of the organization, pointing out that the Association has had its ups and downs, its differences of opinion among members, but in the long run it has become evident that much has been learned from these experiences, and that today,

PATRON AND PRESIDENT POSE FOR PICTURE. Flanked by "Koto-missies" Lt. Governor L. C. Kwartzs, Patron; at right is President of the Surinam Association, Joe D'Aguiar. The occasion: Reception of the Surinam Association's 15th Anniversary.

U.S. POLITICAL CONVENTION BROADCASTS

Station WRUL of the World-wide Broadcasting System of the U.S.A. has announced to its listeners that it will broadcast a complete coverage of the Democratic and Republican Conventions starting next week in connection with the forthcoming U.S. presidential elections. The two-hour programs are being sponsored by Westinghouse Electric International and Pan-American World Airways.

One of the notices about these programs was sent to Mr. M. St. Paul of Lago's Mechanical Administration, who in keeping with the suggestion by the station has forwarded the schedule for publication for the benefit of other interested persons.

Democratic Convention — Chicago
Aug. 13—16, 9 p.m. E.S.T.
Republican Convention — S. Francisco
Aug. 20—23, 8 p.m. E.S.T.

The broadcasts can be heard on the following frequencies:

17.710 m/c (16 meter band)
15.230 m/c (19 meter band)
15.415 m/c (19 meter band)
9.675 m/c (31 meter band)

"No se."

In response to the same question from newsmen as he was leaving Panama earlier in the day, Peron said:

"I can tell you absolutely nothing."

My plans depend on me my-tion that I find myself in, can't say where he is going to go or what he is going to do. I go wherever I feel like going."

Peron In Venezuela

JUAN PERON, ex-President of Argentina, arrived in Venezuela on Wednesday this week to take up residence. Since his overthrow from power he had been living in Panama.

He was met at Maiquetia airport by a group of 150 Argentines who cheered wildly and carried a banner reading: Bienvenido, Peron, nuestro pueblo Argentino te

L.E.C. BARGAINING WITH LAGO

The L.E.C. (Lago Employee Council) this week completed general discussions with the Management of the Lago on the 41 points presented to form the basis of the new labor contract.

The management has taken the points for further study and will meet the L. E. C. next week to make their offers on the points requested.

reclama."

To the barrage of questions from the two-score newsmen and photographers Peron replied constantly: "No se. No se." When he was asked what plans he had for his stay in Venezuela, he replied: "You want to know more than I know." When he was asked how long he intended to stay in Venezuela, he reverted to his first form of reply and again said:

CAMEL IS FIRST
FIRST IN SALES
AND FIRST IN QUALITY

REVOLT IN ECUADOR

The province of Manabi in Western Ecuador was reported in revolt this week under leadership of a rebellious military garrison and defeated political leaders.

The Ecuadoran military high command issued an ultimatum demanding unconditional surrender of the rebel garrison in the river city of Portoviejo, the provincial capital of 20,000. The garrison is manned by 200 troops.

Jorge Acosta, Under Secretary of the Interior, said the entire province of Manabi, which has 385,000 population, was involved in the uprising. He indicated the government was in control of the rest of this nation of three million. Activities in Quito, Ecuador's capital, were normal.

SWEDISH LINE BLAMES ANDREA DORIA

The Swedish-American Line this week blamed the Italian Lines Andrea Doria for the collision with the Stockholm and said it would sue the Italian Line for damages.

A statement from the Swedish American Line said the Doria veered sharply across the Stockholm's bow.

This was the first report given by either line concerning circumstances of the collision July 25 in the Atlantic Ocean off Nantucket light.

The crash caused an estimated 52 lives. 27 persons are dead or presumed dead and another 25 unaccounted for.

The Swedish-American Line said the Stockholm sighted the Andrea Doria about two miles off.

Statement

"The Andrea Doria was showing her red or port side light, and her white masthead lights were open so as to pass at a safe distance to the port of the Stockholm.

"Although the vessels were in a position to pass safely port to port, red to red, the Stockholm went to starboard to give even greater passing distance.

"The Andrea Doria, however, suddenly closed under her red light, showed her green light and veered sharply to her own left or port at undiminished speed, turning across the bow of the Stockholm.

"The Stockholm immediately went hard right and full astern, but it was impossible to avoid collision, and shortly thereafter the starboard side of the Andrea Doria and the bow of the Stockholm came into collision, causing physical damage to each vessel, loss of life and personal injuries.

"Those on the Stockholm heard no signal from the Andrea Doria until after the Andrea Doria veered to her own left and just before the collision contact, when the Andrea Doria blew a signal."

The statement was contained in a petition the Swedish-American Line filed in federal court, asking that it be not held responsible for the loss of life, injury or damage resulting from the collision.

SUEZ PROBLEM I

Britain Reinforces Mediterranean

Conference

Britain this week started sending powerful military reinforcements to the Mediterranean in connection with the situation in the Suez Canal following Egyptian President Nasser's nationalization of the Canal last week.

The aircraft carrier Bulwark, fully equipped on a wartime basis, steamed out of Portsmouth harbor for a secret destination in the Mediterranean. Earlier, a crack parachute brigade had boarded the carrier Theseus for the same area.

The military activity was part of Britain's preparation in the event a showdown becomes necessary with Egypt's President Nasser.

Meanwhile 19 nations have already accepted Britain's invitation to attend a conference in London beginning August 16th to discuss the setting up of an international authority to control the Suez Canal.

Britain gave assurances that the use of force as a means of settling the Suez Canal dispute will not even be discussed at next week's 24-nation London Conference.

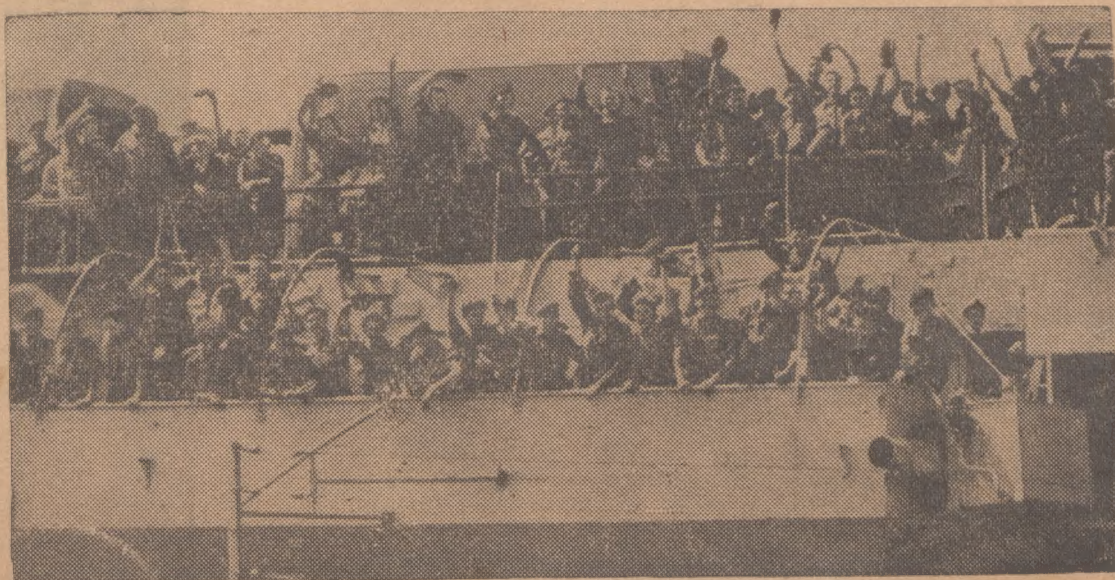

Authoritative diplomats reported the Eden government passed this word along privately to neutralist India in the hope of bringing that key Asian nation, Egypt

and the Soviet Union to the conference table.

The promise was coupled with a public announcement that attendance at the crisis talks did not bind any nation before hand to acceptance of the principle of putting the canal under international control.

The diplomats said the whole emphasis here now appeared to be on a peaceful settlement through negotiation rather than by military means.

But Britain went ahead with military measures in case she feels she has to meet force with force to keep the waterway open to her shipping in the future.

ON THEIR WAY—The Theseus, a light British aircraft carrier recently converted into an express troop transport, sailed from Portsmouth, England, for the eastern Mediterranean as battle-ready paratroopers line the rails. The troops were the first major reinforcements dispatched by Britain to meet the crisis with Egypt in the Suez Canal dispute.

Letters to the Editor

(Not the responsibility of the Ed.)

The Editor
"The Local"
Dear Sir:

For some time now there has been a considerable amount of dissatisfaction among a majority of Lago employees, as to what yardstick is being used to determine the amount of income tax being paid to the Government by the individual. Things like "Other Tax," etc; are often being found on one's payslip, even when the person concerned has by written form, assured the Government that his/her sole income derives from their job with Lago. I personally have seen one case in particular, where two individuals were receiving the same salary; none working in a higher bracket, or making overtime, yet the tax deductions were far from equal, with the one that had 4 small children in his family to maintain receiving the higher deduction from his pay.

Now most employees believe that if the Government is so eager to put its hands on their money before they themselves can get a peep in their pay envelopes, then they should be equally as eager to provide some proper means of explanation, with respect to the peremptory removal of part of their salary. The explanations given by the staff at the Lago pay office is not adequate, and we are not blaming those gentlemen; we can readily see that they are willing but not able.

Now I have a proposal to make. My suggestion is that the Government provide a tax consultant to be available at the pay office for at least 3 days a week, and or give more detailed information about tax deductions in the pay envelopes. Also, at the end of the Tax Year, if a person has to pay additional tax for some reason or other, then it is no more than reasonable for this person, to expect full information concerning the matter. The Tax-payers, I'm sure would be quite willing to pay a small amount for the extra paperwork involved.

In conclusion, I am looking forward to the Lago Management to work out something along these lines with the Authorities; after all they are the ones who are co-operating with the Government to withhold the employees' income tax and it is on them that the full force of the employees' disapproval will fall, when, as is now the case, insufficient information (regarding tax deduction) is furnished.

A. S. RICHARDSON.

GROSS MISCONDUCT

The Editor
"The Local"
Dear Sir:

When one sees what awful things happen in cricket in Aruba we always wonder:

"Is it cricket?"

Last Sunday Mr. Patricio Flanders after making 59 runs not out was told by his skipper to take off his pads as he had declared the innings closed. Mr. Flanders got into such a rage, he abused and cursed the captain in a shameful manner, and last of all said:

"I am going home now", and with those remarks he left the field and the skipper had to use a

substitute throughout the innings. These young cricketers fail to realize that a cricket captain gives orders which must be obeyed by his team.

I am looking forward to see what steps Mr. Hillman, Mr.

Thompson and Mr. Murray are going to take in this matter as to the behavior of our club-mate who has made us feel very much ashamed of ourselves.

GIRL RAPED AND KILLED

A 20-year old Connecticut girl on a tour of the U.S.A. was last week raped and beaten to death in California by a U.S. soldier. The girl was killed the same night she arrived in the town of Monterey.

The soldier, who gave himself up before he was searched for, stated that the girl had refused his advances. He then pulled her into some bushes near her hotel, stripped her, raped her and then, afraid, beat her to death with a shoe.

The soldier has been charged with murder.

THREE-YEAR READER

A three-year old child was reported as creating a sensation in Trinidad last week with her ability to read.

It is said the little girl has already gone through two reading books, and can spell many difficult words of two and three syllables.

6 DROWNED

Sgt. McKeon Convicted Of Negligible Homicide

SENTENCED TO 9 MONTHS HARD LABOR

South Carolina U.S. — Marine Staff Sergeant Matthew C. McKeon was ordered confined at hard labor for nine months as a private and then removed from the Marine Corps with a bad conduct discharge by a court martial here.

His conviction came as a result of the April 8 tragedy in which six Marines and a Navy doctor — night disciplinary March led by McKeon in a marsh.

Court Martial President Colonel Edward L. Hutchinson read the sentence.

McKeon, standing at rigid attention, seemed to slump wearily as he heard the words.

The seven-man court-martial — six Marines and a Newly doctor —

required four hours and 15 minutes to reach a sentence.

McKeon technically was given a bad conduct discharge, which is less than honorable, was fined \$30 a month for nine months and given nine months at hard labor.

As the court martial board left the room, McKeon was asked how he felt about the verdict. His eyes filled with tears and he spread his hands in a gesture of helplessness. He seemed unable to get any words out.

McKeon specifically was convicted of negligible homicide and of drinking in a recruit barracks. He was acquitted by the court martial of charges of manslaughter, oppression of troops and conduct detrimental to the service in connection with a disciplinary March in which the recruits drowned.

AFTER BEING SENTENCED—S/Sgt. Matthew McKeon (right) and his lawyer, Emile Zola Berman, leave the courtroom at Parris Island, S. C., after McKeon was sentenced. The sergeant was sentenced to nine months at hard labor, forfeit of \$30 per month for nine months, a bad conduct discharge, and was reduced to the rank of private.

METHODIST MISSIONARY MEETING

The Annual Missionary Meeting of the Methodist Church in Aruba began this week with a service at the Brasil Church on Thursday night, and in Oranjestad last night. The services were conducted by Rev. F. A. Roberts from St. Maarten, who is the missionary speaker this year.

Missionary services will be held at the San Nicolas Church tomorrow at 9 a.m., 3 p.m. (special Sun-

day School program) and 7.30 p.m. There will also be missionary services tomorrow at Brasil at 11 a.m. and at the Dutch Reformed Church in Oranjestad at the same hour.

The final Missionary Meeting will take place at the San Nicolas church at 8 o'clock Monday night. At this meeting Mr. W. G. Spitzer of the Lago Colony will be the Chairman, and Rev. Roberts will be the speaker.

The public is cordially invited to attend the Missionary services.

TRINIDADIAN KILLS 2, WOUNDS 2, SHOOTS SELF

23-year old FIDEL HERNANDEZ of Maracas, who neighbors said considered himself "too good-looking to work," went berserk two Sundays ago, killing two persons, seriously wounding two others and then killing himself.

Fidel had recently taken up with a new girl friend named LENA GILBERT, and took her to live with his family. After not working for about two months he was finally led by Lena's constant complaints to take a laborer's job on a nearby estate.

At the week's end he presented Lena \$7, but she found this insufficient, especially as she had to pay installments on a new bed she had bought on credit.

Lena and Fidel got into a quarrel and he started to chop her with a cutlass. When she fell, seriously injured, he turned on other members of the family, chopping to death his nephew and his aunt, and seriously wounding his aged uncle. His brother and his wife, along with their other three children, escaped by running out of the house, leaving their oldest child, Julian, bleeding to death.

Fidel then took his uncle's shotgun from a shelf and put a bullet through his own head.

ARUBA STUDENTS LEAVE FOR EUROPE

SURENDR LALL (left) and NOLAN EDWARDS

Two Aruba students, SURENDR LALL and NOLAN EDWARDS, both of Lago Heights, left Aruba this week to further their studies abroad. They both passed their Mulo examinations last month.

Nolan, son of Mr. & Mrs. Frank Edwards of Lago Heights, left by air on Sunday for Trinidad where he will spend about ten days before sailing for England. He will spend the short time in Trinidad with his mother, who has been temporarily residing there for the past few months. (Incidentally he will have the opportunity of seeing the latest addition to the Edwards' family, born recently in Trinidad).

In England he will attend the Woodnewton School in Norfolk, and hopes later to enter an English University to study medicine.

Surendra Lall, son of Mr. & Mrs. Mohan Lall, also of Lago Heights, left by tanker on Monday for Holland. He was accompanied by his father.

He will enter the Middelbare Technical School for a course in Engineering.

Both boys desire through this medium to say "Au Revoir" to their school mates and other friends in Aruba.

FOREIGN TAXI DRIVERS RETURN TO ROAD

On Wednesday of last week the foreign taxi drivers in Aruba had their permits restored, enabling them to resume their former occupation. Their permits had been withdrawn on July 1, 1954 — two years ago — after the local legislature had passed a law to that effect, on the grounds of leaving that occupation exclusively to Dutch nationals.

The dozen or so drivers concerned had been engaged in the taxi business for 15 — 20 years, and felt the new regulation was very discriminating. The British Consul, at that time Mr. Guthrie, took up the matter with the local government, and after his departure his successor Mr. H. C. Rabbetts continued with the case, until the matter was referred to the government in Holland. It is reported that the restoration of the permits is a result of directions from the Government in Holland.

Compensation

The local government has also agreed to compensate the drivers for the time they have been deprived of their permits. Compensation has been decided on at the rate of Fls. 300 a month for the period, thus bringing the drivers a sum of Fls. 7,500 for the two years and one month since July 1954. (From this amount income tax will be deducted at the normal rates) Taxi drivers who

left the island in the interim will be compensated up to the time they left.

The government has offered further assistance to the extent that if any driver does not want

to resume the taxi business the government will pay for the value of his car, and will continue to pay him Fls. 300 a month for a period of time while they assist him in finding other occupation.

Boxing:

SUGAR BOY NANDO TO MEET JERRY FOWLER TONIGHT

Contrary to last week's report, Sugar Boy Nando, Middleweight King of the Netherlands Antilles, will meet Jerry Fowler of Miami, Florida, in the main boxing event tonight at the Swingsters Square Garden in San Nicolas.

Meanwhile your sports reporter had the pleasure of talking to Jerry Fowler and his sparring mates, McCoy and Kid Fenton, who, incidentally, will be meeting each other in the semi-final event on the same card tonight, following a strenuous work out at the garden Monday evening.

Both of Fowler's sparring mates spoke well of him. Fenton thinks he can hit well, while McCoy found him a good boxer. Young Quick Silver, a looker-on, who's just dying to get another crack at Fenton, thinks Fowler is good at counter-punching, but thought he wasn't showing all his stuff in training. What does Fowler think?

"I could be had, but I am no push over"

The 24 year old Fowler could not remember his fight record. He recalled being knocked out once in Los Angeles. He fought once in Cuba but does not remember the name of his opponent and wound up with "I could be had but I am no push over."

Nando "Feeling Fine"

Sugar Boy Nando, looking a little sleeker and sharper than usual, was not prepared to make any predictions but said he was just "feeling fine".

Maybe it is because your sport reporter is not accustomed to talking to fighters who remember being knocked out; but can't remember how many times he fought, whom he fought and how many time he was successful. Maybe it is because what Fenton, McCoy and Quick Silver had to say adds up too well: "He is a good boxer — he can hit well — counter punches well — and is not showing all he's got". Maybe it is the way Nando said he was "feeling fine" — like he never felt better in his life, whatever it is, your sport reporter wouldn't miss this fight tonight for anything.

Softball:

LARGE PARTICIPATION IN L.S.P. INTER-DEPARTMENTAL SOFTBALL COMPETITION

The L. S. P. Softball Competition slated for Tuesday August

14, 1956 may very well set a record for participation. Up to press time 14 departments or groups he registered teams. When considering that the average team has on its roster 15 players, then at least 210 Lago Employees will be taking part in this year's competition.

In a meeting held Wednesday the L.S.P. Softball Steering Committee decided to separate the teams into 3 leagues i.e. ESSO LAGO and ARUBA.

In the ARUBA LEAGUE, the M & C Administration, G.O.B. Upstairs, Electrical and Badger teams will vie with each other.

In the LAGO League are the Storehouse, Commissary, Account-

Cricket:

WESTERN FRONT C.C. DEFEATS ST. EUSTATIUS COLTS

Houtman Scores 54;

Young Cranston Bowls Well

The Western Front C. C. from Curacao under the leadership of Jonathan Hooker defeated the St. Eustatius Colts by three wickets last Saturday afternoon at the Lago Sport Park.

St. Eustatius won the toss, batted first and only accumulated 82

runs with four batsmen getting into double figures: Charles 10, Coffie 19, Skipper A. Spanner 13, A. Maduro 12 not out. C. Hooker took 4 wickets for 23 runs and Jones 2 for 8 runs.

The Western Front replied with 85 for 7 wickets. E. Houtman who made 54 valuable runs consisting of a six and 9 fours, and Jones, 15, were only batsmen to get into double figures.

Curacao's great cricketer C. Hooker was out for a blob with the first ball he received from young Cranston, who finished up with 3 wickets for 18 runs, while A. Spanner took 4 for 27.

ST. EUSTATIUS COMBINED ROUTS WESTERN FRONT C.C. IN TEST

Johnson 53, Flanders 59

Mr. H. Nassy of Lago's Public Relations Department bowled the first ball of the match before a large crowd who witnessed St. Eustatius combined rout the Western Front C. C. After scoring 185 runs for two wickets, Skipper Spanner declared his innings closed after lunch and the Western

Front was dismissed for 54 runs. When forced to follow on they replied with 16 runs for one wicket when stumps were drawn.

Stafia Bats

Skipper Spanner won the toss and batted on a perfect wicket.

De Coteau of Grenada & Walters of Essex opened for the combined team. This opening partnership yielded 67 when De Coteau was bowled by Skipper J. Hooker for 36, including a six and 4 fours.

Teddy Johnson playing his first match for the season went in to partner Walters who shortly after was lbw. to C. Hooker for 33. P. Flanders partnered his club-mate Johnson and runs appeared on the tins at a fast rate and when the luncheon interval was taken with the score at 185, these two batsmen were still together; Johnson was 53 consisting of a six and eight fours and Flanders 59, which included two sixes and six fours.

Skipper Spanner declared his innings closed.

"WESTERN FRONT" BATS

Western Front opened with Duinkerck & Hassel against Johnson & Cranston and R. Cranston bowled Hassel for a duck. With the score at 4, the spinners Sharpe & Havertong were bought on and there was a regular procession to and from the wickets. With the score at 6 for 15, Charles and C. Hooker got together and they took the score to 33, when Charles in

attempting to move away from a rising ball off Havertong edged the ball to first slip and was caught by R. Sharpe for 9 runs. Skipper J. Hooker went in only to see C. Hooker fall to Young Sharpe for 12, the highest score on the side. The entire side was dismissed shortly after for 54 runs. Sharpe and Havertong, the local "Ramadhin and Valentine", took 5 for 20 and 4 for 25 respectively.

Follow-On

Forced to follow on, Houtman and J. Hooker opened for the Western Front. With the score at 16, J. Hooker was bowled by S. Spanner for 6 and stumps were drawn.

Presentation

Following the conclusion of the match the following prizes were distributed to the outstanding players. The presentation was performed by Miss Erlin Spanner. Prize-winners were:

SATURDAY'S (COLTS) MATCH

Highest score, H. Coffie (Aruba)
Highest score, E. Houtman (Cur.)
Most Wickets, C. Hooker (Cur.)
Bowling Aver., C. Hooker (Cur.)

SUNDAY'S MATCH

Highest score, P. Flanders (Aru.)
Highest score, C. Hooker (Cur.)
Bowling Aver., J. Hooker (Cur.)
Outst. player, Paul Charles (Cur.)

CRICKET MATCH FOR EX-QUEEN'S BIRTHDAY

The Dutch and British group of cricketers who are planning to observe ex-Queen Wilhelmina's birthday with a cricket match at the Lago Sport Park have been continuing their plans for the occasion, and the game will take place on Sunday, September 2nd.

In addition to simply playing a game, the sponsors want also to help the Wilhelmina Cancer Fund, and for this purpose special roseates will be sold at the Park during the game.

The dance which was to be held

tonight at the N.W.I.W.A. Club in aid of the Cancer Fund has been postponed until Saturday, September 8th.

The sponsoring committee earnestly requests the public to give their support and patronage to these two functions which mark an important national occasion and aid a very worthy cause.

Members of the sponsoring committee are:

Dutch Group: J. Richards, J. W. Thompson, F. A. Maccow, R. Murray, J. H. Lake, E. Richardson.

British Group: L. Edgar, A. W. Shockness, C. V. Worrell, A. Perrotte, I. C. Jones, D. Harry.

1000 PERISH IN COLOMBIA EXPLOSION

More than a thousand persons were reported killed or injured this week from an explosion of seven dynamite trucks in the heart of Cali, Colombia.

Sabotage was suspected as the cause.

Ripping blasts and sweeping fires that followed levelled eight square blocks in the center of the city of nearly a half million.

Colombia's President Gustavo Rojas Pinilla was the authority for the first official casualty figures.

He said more than one thousand are dead and injured.

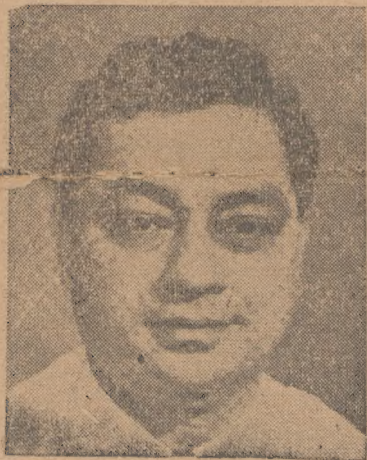

In a message to Gov. Alberto Gomez Arenas of the Valle department the President said:

"The government will not rest until the intellectual and material authors of this treacherous and criminal attempt receive exemplary punishment."

The Ministry of Communications said 10 trucks, leased from a private firm, left Colombia's Pacific port of Buenaventura with dynamite to be delivered to the public works Ministry in Bogota.

Seven drivers decided to spend the night in Cali, sleeping in their cabs. If not all of the seven drivers were sleeping. The Government said it is investigating to determine whether sabotage was responsible.

Multum In Parvo

By: B. K. Chand

At the request of several employees I am publishing in these columns today an article written by me and published in the "Local" September 9, 1950.

COST REDUCTION! COST CONTROL

Cost Reduction! Cost Control Of that oft' times I've heard; Of treating all employees alike Of that..... not a word; They say all for one, and one for all, but I cannot see How then can such differences exist in the company.

(s) CHAND

Cost reduction or cost control is the means whereby an individual or a group of individuals, corporation, firm or company sets about to spend less and get the same benefits or more.

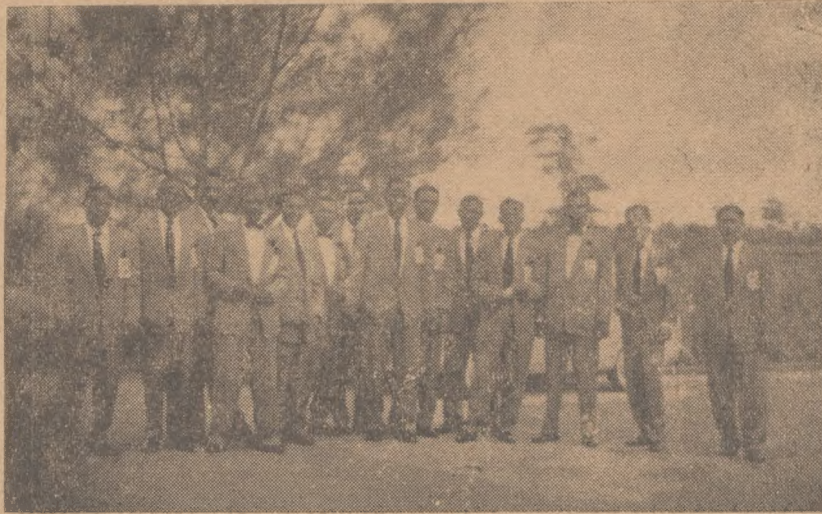

With an individual or group of individuals the result of their cost reduction rests entirely within themselves. But for a corporation, firm or company, such control rests not only with them, but their satisfied patrons, customers, and last but not least their employees and to keep them satis-

Just ask for a demonstration

fied as the most important factor in their program of cost control, not forgetting: "Industrial Relations and the social Order" and "Management can be Human".

Today, Lago is sponsoring a cost control essay competition for Fls. 10,000 after only effective August 1, 1950 they have made an increase on hospital and medical charges for employees — a service which they had for years. The results: gross dissatisfaction caused employees by Management. Let us review some of the many features of dissatisfaction and discontentment created by the management:

1. The distorted Employee Representation Plan, created

by management alike a monster with the National and Non-National division and the setting up of a set of Sub-Committees to handle affairs formerly handled by the EAC, stating that it was done because (a) on the Non-National basis to give adequate representation to all employees. An absurd statement as much as to say that all employees never had adequate representation. (b) that the EAC members were spending too much time and that by the new procedure less time will be spent.

The EAC had 31 members; now the LEC, SPAC,

SPRC, CAC, DRC, have a total of 70 members and are divorced one from the other. Yet 70 men will spend less time, a new form of mathematical deduction based on a different type of porportion. Then an employee on one committee may not be a member of another concurrently, depriving the employee of the right to elect his rightful representative on all the committees although "We are doing these things along Democratic principles."

2. The failure to keep several promises made during the war "after the war", such as promotions and better facilities for Locals, which went on to the "red circling" of hard working shift workers who are open to inconveniences and hazards and new rates of less take-home pay for same types (titled) jobs.
3. They say they pay the job and not the man; yet we find two different payments for the same type of titled jobs to two groups of employees.
4. Two types of vacation policies for employees working under the same conditions.
5. Two teypes of management

Grant's

SCOTCH WHISKY

Sole Agents:

WEST INDIA MERCANTILE
COMPANY OF ARUBA LTD.

representatives; one given the title and what goes along with it, while the other gets the title and remains with the same status as his brother or fellow-workers whom he has to push around being duped with a title.

6. The provision of a Dormitory for one type of single female employee and overlooking the other group in the same line of duty, i.e. nurses.
7. The provision of Quarters for one group of employees and overlooking another group who are bachelors and/or who have marital status and whose families are not here although several rooms are vacant at the Bachelor Quarters.
8. The non-provision of a more adequate Pension Fund for employees.
9. The non-provision to eliminate 3 days waiting period for hourly paid employees for sickness benefits.
10. The laying-off of one group of employees and the constant importation of another at higher rates with very high status.
11. The non-provision of an annual X-mas Bonus to all employees as is done all over the world.
12. The non-payment of intended "Holiday pay to all employees".
13. The deduction of pay from hourly paid employees on their first visit to the Dispensary although the company is bound by Law to give Medical treatment and other facilities free, including transportation in case of sickness.
14. The taking away of the 6 1/2% employees formerly received on their Thrift and the no account or reason given of the 1/2% after the 3% remains in Thrift and the other 3% in the Pension Fund.
15. The compulsion and prerogative of working an employee overtime subjecting him to disciplinary action upon his refusal which is not in line with the Labor Law.

Then the buzz! buzz! The suspense — What is it Lago's Management has to announce? No one knows. We wonder what it is and time rolls on with more suspense and torture; employees nerves are on edge, they can hardly perform their duties normally because of the uncalled for suspense created by management — a direct breach of Industrial and Human Relations — with increased gross satisfaction. The announcement is to be "beneficial to the majority of employees and Management."

Another mathematical problem; since when 101 is the majority of 7000 odd?

Cost control to the company is in the interest not only to them but to each employee for there he earns his bread and butter, regardless how, and it is up to management to build up the employees confidence, not paying too much heed or credence to the minority subterfuges who may indicate to them that they are satis-

fied, but to the entire employees' group, with better Human and Industrial Relations, towards a more progressive Lago and overall cost control by a satisfied group of employees going hand in hand with management..... "one for all and all for one."

(s) B. K. CHAND.

MR. HICKINSON'S DEMAND REJECTED BY THE COURT

Recently Mr. V. Hickinson business man in San Nicolas demanded from the Government the amount of Fls. 19,000.— for compensation on grounds of the fact that he was put into custody for over 46 days, under suspicion of having set fire to his business place at San Nicolas and was later set free by the judge because of insufficient evidence.

After his demand for compensation was not granted by the court he appealed to the Higher Court which also rejected his demand.

POLICE REPORTS

It was learned from the police that during the past week-end three small fires, 12 cases of drunkenness, 2 cases of driving under influence of alcohol and 5 traffic accidents were reported.

* * *

On Saturday morning last car A-2242 collided with truck A-652 on the road to Seroe Patrishi.

Damage to the car A-2242 is estimated to be around Fls. 1000. and the truck at Fls. 500.

* * *

Later in the afternoon another collision took place between car A-3808 and car A-5243 in the Mauritsstraat at San Nicolas.

The accident is reported to have been caused through speeding. Damage is close to Fls. 400.

THEFT AT BRASIL

A woman J. W. of Brasil reported to the police on Sunday last that thieves broke in to her house between 9 and 11 the night before and took away a radio, a thermosflask and an iron.

NEW OLYMPIC PLEDGE CAUSES CONTROVERSY

Coaches and Olympic officials in many countries were shocked last week to learn of a new pledge that has been drawn by the IOC (International Olympic Committee) and must be agreed to by athletes taking part in this year's Olympic Games in Australia.

The pledge states: "I am and intend to remain an amateur."

The required pledge is regarded as unrealistic, since it could have some effect on athletes becoming trainers and coaches who are paid for their athletic tuition when they are no longer in amateur competition.

One Olympic official has asked what action would be taken against an athlete who took the pledge and turned professional some time after. He asked: "Would the Olympic officials erase his record from the books, or call back for his medal?"

An Australian coach commenting on the pledge said bluntly: "I think the whole thing is silly, and I can't see what earthly good the rule can do."

BOXER SHOT BY PARAMOUR

Former heavyweight boxer PAT COMISKEY was last week shot in the groin by his girl friend, 31-year old Louise Brinkley.

The big (6' 5") ex-pugilist said he awoke at 2 a.m. to find his almost as big (6' 2") paramour standing over him with a shot gun, saying "I'm going to kill you. Then she pumped a bullet into his groin.

Arrested a little later and charged with attempted murder, the modern Amazon told police: "I'm a crack shot from Arkansas and do a lot of target practice. If I wanted to kill him I would have shot to kill." She said she had been living with Comiskey about two years and had been quarrelling most of the day.

MAN SHOTS WIFE

In Maracaibo, Venezuela, last week Marcial Mendez went on trial for murdering his wife. Mendez shot his wife when he found her under a tree with another man at 1 o'clock one morning.

In Venezuelan law a man who kills his wife because of adultery can be sentenced to a maximum of three years imprisonment.

SENTENCES REDUCED

The decision of the High Court in the attempted assault which took place on January 23 of this year and in which five youths were involved is as follows:

R. L., who was sentenced to 2

years got 15 months, F. A. M. 2 years' sentence was also reduced to 15 months, J. C. L. 18 months sentence was reduced to 1 year, J. A. H. who also had 18 months

sentence was reduced to 1 year and G. C. H. 1 year sentence was reduced to 9 months.

The time spent in preventive detention will be deducted for all.

Thought for the Week:

"THEY ARE WITHOUT EXCUSE" (Part 1)

(Truth is available and there is no excuse for not knowing about the Creator)

Who are without excuse? Let Scripture answer: "What can be known about God is plain to them because God has shown it to them. Ever since the creation of the world His invisible (essence), namely, His eternal power and deity, has been clearly perceived in the things that have been made. So they are without excuse." (Rom. 1:9, 20, RS) Yes, "they are without excuse," those who deny the existence of the true and living

God, Jehovah. Atheists are on the increase according to Gallup polls. False religion has repelled many people from coming to know God. But the truth is now available to all honest-hearted persons. So there is no excuse for not knowing the Creator and Supreme Sovereign of the universe, Jehovah God.

The order in the universe speaks of God's glory. Everything in nature is so definitely planned and has such a purposeful design that it shows intelligent planning. Why, it has taken the best minds of great scientists to discover only a few of the laws of nature. Are laws made by accident? What intelligent planning exists in regard to our earth! The sun's dis-

tance from the earth is just right. The moon's distance from the earth is just right. The earth is tilted on its axis just right. The mixture of gases is just right. The relationship between plants and animals is just right. What infinite wisdom is behind that cycle of nature! Animals take in oxygen, exhale it again combined in carbon dioxide while plants take in carbon dioxide and exhale oxygen. An accident? Unthinkable!

How obvious that the earth was prepared for man! Said one medical authority: "There are probably a thousand conditions which would have to be fulfilled before man could inhabit the earth. Not only must there be light, many kinds of food, water, proper atmosphere, appropriate temperature, the nitrogen cycle, etc., but there are hundreds of chemical reactions in the body which contribute to man's life processes. The chance that all conditions for life would have been fulfilled by pure chance is one in billions. It is very evident that the earth was prepared for man. This fact alone proves the existence of a conscious God." — *The Physician Examines the Bible*, p. 318.

A man who delved profoundly into the secrets of nature was Thomas A. Edison. He invented the phonograph and the electric light bulb and patented more than a thousand other inventions. Asked one day whether he believed in God, Edison replied: "After years of watching the processes of nature, I cannot doubt the existence of a Supreme Intelligence. The existence of such a God can, to my mind, almost be proved from chemistry." — *Reader's Digest*, April, 1954.

Baseball:

SEARS DEFEAT NESBITT 9-2

The Go-Go Sears edged closer to the runner-up spot last Tuesday by blasting a very shaky Nesbitt team 9 to 2.

Nesbitt, with their two top hurlers, Yubi Toppenberg and A. Romero off the Island, was no match for the Sears bats. The combined pitching of Muyale, Oduber and D. Harms failed to hold down Sears who entered 9 runs on 8 hits and 13 base on balls.

J. Duinker was the winning pitcher while Muyale took the defeat.

LUCKY STRIKE SHUT OUT HEINEKENS 10-0

Lucky Strike who has been climbing the ladder steadily with the hope of grasping the 4th spot, shutout a weak Heinekens team on the Aruba Juniors field last Sunday by the score of 10 to 0. Montaner went the route for Lucky Strike to blank the Heinekens on only 2 hits. J. Matilia was the losing pitcher for Heinekens.

LUCKY STRIKE TO MEET SEARS FOR THE 4TH TIME THIS SEASON

Lucky Strike was given a 4th chance this week to beat the Sears team when the Protest Committee ruled that the Sears vs. Lucky Strike game which ended 12 to 8 in favor of Sears on April 7th has to be replayed.

As may be recalled, Lucky Strike was losing 12 to 8 against Sears when Umpire Pantophlet halted the game after 8 full innings on the grounds that there was not sufficient time to complete the 9th. Lucky Strike protested since there remained 10 minutes of game time, and as stated above the Protest Committee upheld Lucky Strike's Protest. Since the score sheet for that game was misplaced, the committee ruled that the game be replayed.

Then as reported, Umpire Le-grand walked out, putting halt to a game in which Sears was again leading 9 to 7. This game had to be replayed and for the 3rd time that these teams met, the game was again halted by the umpire — this time by Umpire Hazel, who forfeited the game to Sears on the grounds that Lucky Strike was willfully delaying the game. Sears was again leading and fortunately it went in the books.

Sears has appealed to the Appeal Board concerning the Protest Committee ruling of the April 7th game. Should the Appeal Board refuse to handle their protest then Sears will have to meet Lucky Strike for the 4th time this season. The unfortunate part about this is that should Lucky Strike win this replay, Sears will have to face the tough Camel team, for the 3rd time, to decide who is the runner-up in the "AA" League.

HEINEKENS WINS PROTEST; THEN FAILS TO SHOW UP FOR COTINUATION

Heinekens won their protest against umpire Luther Pantophlet decision to forfeit their game with Camel of May 22, 1956. As may be recalled, Pantophlet declared their game forfeited in favor of Camel following a rhubarb at the plate with W. Peters.

The Committee upheld Heinekens' protest that Pantophlet could not punish the whole Heinekens

ANGLICAN BAZAAR

The Anglican Church's Annual Bazaar opened at the church ground in San Nicolas on Thursday under a bright setting of beautiful colored lights, attractive stalls and booths, and with a jolly crowd who seemed to enjoy every moment of the fete. A band of willing church helpers took charge of the bazaar.

The bazaar is held annually in aid of the church's funds, and is one of the main sources of income for the church. The organizers therefore welcome the general public to visit the bazaar and give their patronage.

The bazaar will have its last day today, running from 5 p.m. to 11 p.m.

team (by forfeiting the game) for the action of one player and ordered the game to be continued from the point of the protest.

To the amazement of everyone Heinekens failed to field a team Wednesday night for the continuation of the game.

Ironically the game goes in the book, even though Pantophlet was not around to call it this time, as a forfeited game!

BASEBALL PRESENTATIONS POSTPONED

The L. S. P. Baseball Presentation has been postponed till August 19, 1956, due to replays, postponements etc., and pending the Board decision in connection with the Sears & Lucky game

"DR. FAVEREY, Surinam's Minister of Health, Premier Jonckheer of Netherlands Antilles and Lt. Governor of Aruba, Dr. L. C. Kwartz (back to camera), hold informal chat at Surinam Association Reception Party.

Grand Reception

(Continued from Page 1)

15 years after its inception, the much desired unity among the members is stronger than ever. It is for this reason that he and his co-Board-members, also felt the achievement of the mile-stone was worthy of a celebration. Concluding his address Mr. d'Aguiar said: "With deep feelings of gratitude to God and with a prayer for His indispensable blessing, we will now stride confidently forward to our fourth lustrum."

Prime Minister Jonckheer of the Antilles was then called to the rostrum and in a short speech he praised the Association for its cultural activities and extended hearty congratulations and best wishes for its continued growth and success.

Next speaker, Minister Dr. A. Faverey of Surinam, first of all expressed his government's gratitude to the Netherlands Antillean government for affording Surinamers the opportunity to be accepted as brothers in the community. He also expressed the thought that in the not too distant future Surinam might be able to return the compliment and in turn afford Antilleans the opportunity to come to Surinam in large numbers.

In the course of his well-worded and well-delivered address, Dr. Faverey made it known that, as a result of a suggestion originating in the bosom of the Surinam Association of Aruba, the Surinam Government has readily agreed to supply a large number of palm trees which could be used for beautifying Aruba's new boulevard, other roads or squares.

Minister Faverey went on to announce that his Government also wished to further show its gratitude and he was therefore officially extending an invitation to Lieutenant Governor and Mrs. Kwartz, to visit Surinam in the near future.

Other speakers of the evening included J.P.F.'s president, Mr. Th. Simoons, ex-president and honorary member of the Association Mr. J. R. Simoons, Mr. E. Finck, co-founder of the Association.

On behalf of the Surinam Youth Organization "Spes Patriae", Mr. M. Abrahams offered Mr. J. d'Aguiar his organization's best wishes and a large bouquet of flowers.

A special homage-committee introduced by Mr. C. Naloop thereupon offered presents to all of the

Board-members and also to patron L. C. Kwartz and Minister A. Faverey.

In a final address, President d'Aguiar, who was also presented with a brand new gavel, stated that he could not say much about the future. He urged the members however, to remain strongly united, to be tolerant and to give their unstinted support to the cause of the Association. The official part of the evening soon thereafter came to an end, and a very large number of members and guests remained in the Club, chatting pleasantly, enjoying refreshments and some even dancing to jam-session music made by some members of the visiting SWING MASTERS Orchestra.

"SWING MASTERS"

Next Evening (Saturday) the Celebrations continued with a dance at the Club with the Surinam dance band SWING MASTERS providing the music. The attendance was almost overwhelming, the Orchestra played superbly and everybody seemed to enjoy themselves immensely. It was with great regret that the huge crowd went home when closing time struck at 4.00 a.m.

That the SWING MASTERS had won their hearts was proved that same Sunday afternoon when the orchestra once again played for a full house, from 3 p.m. to 11.00 p.m.
